

Fit ION® Anywhere

Bold and stylish, the AquaStand is designed to enhance any environment where you need a fresh source of clean drinking water.

AquaStand quickly converts the ION from a counter-top to a stand-alone appliance, easily adapting to a multitude of spaces. With simple access to an electrical outlet and water line, AquaStand gives you the freedom and convenience to enjoy pure refreshment when and wherever you want.

Easy to install and ADA compliant, AquaStand makes storage a snap. With five cubic feet of interior storage space, AquaStand can hold everything from extra cups, CO2 Tanks, and filters, to office and kitchen supplies.

So start today, making pure refreshment accessible and start enjoying the unlimited possibilities of ION.

Good for You, Good for the Planet.

Convert ION into a Floor Standing Model

1. Cup Holder

Conveniently fill AquaStand™ with approximately 100 cups (7 oz.).

2. Storage Shelf

Allows for easy storage of larger cups, additional cups or napkins.

3. CO2 Tank Storage

Space underneath shelf allows for storage of larger CO2 tank or cups.

4. Easy Set Up

Easily place the ION Water Cooler Appliance on the top of the AquaStand.

5. Optional Lock & Key

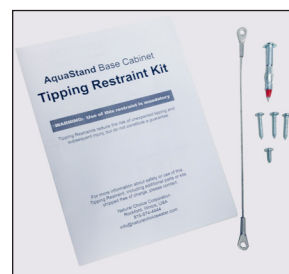

Lock and key can be ordered to allow only authorized personnel to open the AquaStand.

6. Level Legs

Four adjustable level legs to accommodate uneven floors.

7. Safety Restraint

Use the AquaStand Tipping Restraint Kit to attach the AquaStand to wall for improved safety. Includes restraint and screws to attach.
